HELLO AND HAPPY SUMMER!

OLLI at DU continues to roll along thanks to your wonderful contributions and registrations for Summer Seminars.

We are ready to begin our wonderful OLLI at DU Summer Seminars. This year we have a terrific offering of six (6) seminars, beginning Tuesday morning, July 7th (at 10:00 am) and continuing for the next five weeks with our final seminar on Tuesday morning, August 11th.

As a quick reminder the seminars are:

- July 7th - The Leader as Storyteller - Professor Buie Seawell
- July 14th - After the Asteroid: Colorado Discovery that Rocked the World - the Denver Museum of Nature & Science, Dr. Tyler Lyson and Dr. Ian Miller
- July 28th - Hong Kong - Past, Present and Future - Active Minds
- August 4th - Metropolitan Denver: Growth and Change in the Mile High City - Professor Andrew R. Goetz and Professor E. Eric Boschmann
- August 11th - Comedy and the Apocalypse How Humans Use Humor in Terrible Times - Comedian David Misch

Due to our move to a webinar platform, space is still available in each of the Summer Seminars.

Click to Register for Summer Seminars

How is the Webinar Platform different from the Zoom Class Platform?

- You, the attendee, will not be allowed into the ‘room’ until the webinar is about to begin
- You will not see nor hear yourself or other webinar attendees. You will see only the host and/or presenter.
- Each Summer Seminar will have a Question and Answer session (typically at the end). You will be able to submit questions through the Q&A icon at the bottom of the Webinar screen
- The OLLI Webinar Host will collect the questions, eliminating duplicates, and ask them of the presenter at the end of his/her presentation. All the attendees will hear the questions and the subsequent answers
- Some of the functions you have become comfortable with during OLLI Online classes are
What else do I need to know?

As the Summer Seminars span quite a few weeks, we will be closing registration for each of the webinars Sunday noon before the webinar begins at 10:00 AM the following Tuesday.

If you registered for the webinar, you will receive an email with two links.
- The first link will be for a ‘Zoom Computer Set Up Confirmation’ event link. This is simply designed as a time for you to ensure you have Zoom loaded properly on your computer and are ready for the Webinar. These sessions will be on Monday from 1:00 to 2:00 PM and will operate in an open house type format;
- The second link will be for the ‘Summer Seminar Webinar’. You will register as you have for each of the OLLI at DU classes, entering your first name, last name and email address (twice). You can do this in advance if you like.
- Once you are ready to join the Summer Seminar Webinar (we recommend at least 5 minutes before the webinar begins), you will simply click on the new link you will have been provided. If clicking does not work, please ‘copy/paste’ the link into your computer browser and hit enter.
- All attendees will be admitted to the webinar as the webinar begins.
- None of the webinars will be recorded.

If you are curious about what other OLLI members who participated in Spring Zoom classes have to say about their experiences, click on the link below, save to your computer, then access file to start video.

Created and hosted by our own Charlie Holt.

Good News about OLLI and Enrichment

We are delighted to share an article highlighting how both OLLI at DU and the DU Enrichment Program met the needs of the Denver Metro lifelong learning communities during the Spring of 2020. Please see the link below from the Notes of Impact Magazine published by University College at the University of Denver.

[Notes of Impact Magazine](Notes of Impact Magazine)
As you are enjoying your summer and the Summer Seminars you registered to attend, your OLLI staff and a host of amazing volunteers are working diligently to complete the OLLI Fall term online catalog and registration. We will have more information on the course offerings, the expanded registration system; and Zoom open houses to become more comfortable with Zoom and the new registration system in early August.

If you have not yet registered for a Summer Seminar utilizing our new registration system, I highly recommend you do. The seminar line-up is impressive and becoming accustomed to the new registration platform when there are only six (6) selections is much better than engaging it for the first time when there are over one hundred forty (140) to choose from.

Enjoy your summer. Please stay Safe and Healthy
